## 20 Defendants Await Grand Jury Action

Panel to Be Chosen  
Monday As January  
Court Term Opens

LISBON — Prosecutor G. William Brokaw said today 20 defendants await consideration by the January grand jury which convenes Tuesday afternoon at the courthouse. He expects one or two more transcripts will be filed before the session is completed.

The January term will officially open at noon Monday with a Columbiana County Bar Association dinner at the First Presbyterian Church.

Bar members will then return to the courthouse for their annual business meeting with Atty. Donald Shay, president, presiding.

The 15-member grand jury will be picked Monday and sworn in Tuesday morning at 9 by Judge Raymond S. Buzzard, who will handle criminal cases this term.

The sessions are expected to last until Thursday afternoon, the prosecutor indicated.

Cases to be Considered

Cases include:  
James L. Maras, 20, of Warren, armed robbery of Barnett's Motel near Salem Dec. 11, in which \$650 was taken.

Roy F. Johnson Jr., 21, of Middleton, breaking and entering of Kelly Park skating rink, Nov. 13, when welding tools and equipment were taken.

Frank Howard of East Palestine, unlawful assault on Ronald Gerlach and pointing firearms Dec. 6.

Donald W. George, 33, and Leroy George, 23, both of Lisbon RD 1, and Roy L. Campbell, 31, of Lisbon RD 4, breaking and entering of Zeigler Tire Service, north of Hanover, Nov. 15, taking tires.

Gerald Edward Raffle, 23, of Salineville, auto larceny of station wagon belonging to John Margraf Nov. 15.

Virgil Wicksham, 47, and Linnie Wicksham, 34, of Kensington RD 1, disturbing the peace and threats against Helen Starcher last Sept. 26.

Charles Cannel, 65, of New Waterford RD 1, driving while intoxicated Nov. 16.

Daniel Anthony Yanni, 19, East Liverpool and Joseph Stewart Dick, 20, East Liverpool RD 2, breaking and entering of S & S Motors, 640 Bradshaw Ave., East Liverpool, Oct. 25, taking tires and tools.

Tom Blackwood, 20, 123 Lisbon St., Robert Bilsky, 20, Waddell St., Kenny Mathey, 19, 388 Waddell St., and Carl Cope, 18, of 398 Storey St., all of Leetonia, contributing to the delinquency of a 15-year-old Leetonia girl.

William E. Cain, 31, of 1003 Main St., Wellsview, non-support of seven minor children.

Ernest Troy Wilson, 20, of Salem RD 1, contributing to the delinquency of two juveniles, boy age 17 and girl age 15, last Sept. 4.

John Dalton, 59, of Wheeling, obtaining narcotics illegally by using false name.

David Ellsworth Randolph, 1100 Dresden Ave., East Liverpool, auto larceny of car owned by Frank T. Yanico, Alliance RD 5, last Aug. 11.

Daniel Morgan, 22, of Salineville RD 1, forgery with intent to defraud Dec. 22.

No One Injured In Intersection Crash

Mathias Kufleitner, Jr., 21, of RD 2, Newgarden Rd., was cited for reckless operation following a three-car accident at 9:07 p.m. Wednesday at E. Pershing St. and S. Lundy Ave. No injuries resulted.

Police said Kufleitner disregarded a stop light and struck a car in the intersection before glancing off into a parked car. All three cars were damaged.

Brooke Anderson, 20, of 781 S. Lincoln Ave., was driver of the car which was struck first. The front end of his vehicle was demolished, police said.

The parked car, owned by David Myers of RD 4, Salem, was damaged on the right side and left front end. The front end of Kufleitner's auto was smashed in.

### Age-Old Problems Remain

## World Embarks on New Technical Era Tonight

By The Associated Press  
The 1950s, time of technical triumphs, draw to a close tonight, and the world embarks on a new decade, on the edge of a strange, new frontier.

At midnight, men and women around the world will greet the dawn of the Sixties.

And as the eras shift, mankind had begun a different kind of

struggle to reach the stars—no longer in spirit alone, but by physical prowess.

This was the challenging, still unfamiliar horizon of the new decade, born of a period of unprecedented mechanical advances—of rockets, satellites, automation and of computers that outpaced the human mind.

But age-old problems, of peace and decency, still remained, and these, too, marked the occasional legacies of the past, and responsibilities of the future.

As the church bells and party-goers sound forth in celebration, there will be prayers and hopes that the time ahead will bring solutions. And signs, both for optimism and anxiety, were in view.

In international relations, moves were afoot to ease tensions. There were other bright notes, too. Prosperity abounded, and leisure increased; material comforts surpassed those of any civilization that ever existed, and religious institutions flourished.

Wider distribution of modern medicine saved and extended lives until overpopulation loomed as a problem. Streamlined agriculture piled up billions of dollars worth of American surpluses, but children starved in the Far East.

Men traveled by jet faster than ever, but saw less as they traveled. Seeking to perfect the ultimate weapon, the world discovered it was contaminating the air even in peace. And so it has paused in its testing—uneasy, suspicious and uncertain about whether to continue.

All this was part of the outlook, as men faced the new decade, and looked back on the old one. To many, it was simply an occasion for fun and frivolity. But to others, it was a time for weighing prospects, and reflecting on a passing era, the changes made, the strides taken, the tasks undone.

## Darla Jackson, 3, Dies of Leukemia

LISBON — Darla Kay Jackson, 3, lost her hopeless fight against leukemia Wednesday night.

The child, daughter of Darrell and Olive Cannon Jackson of 123 W. Washington St., died in the Salem Central Clinic at 10:35. She had been ill six months. She was admitted to the hospital Nov. 18. She was born in Salem Feb. 18, 1956.

Besides the parents she leaves a brother, Darrell Jackson Jr.; a sister, Wanda Jean Jackson; maternal grandparents, Mr. and Mrs. Harry Snow of Lisbon; and paternal grandparents, Mr. and Mrs. James Jackson of Fairmount, W. Va.

Funeral services will be held on Saturday at 1:30 p.m. at the Ellis-Leggett Funeral Home, with the Rev. Frank Brickley, pastor of the Nazarene Church, officiating. Burial will be in Lisbon Cemetery.

Friends may call at the funeral home Friday from 2 to 4 and 7 to 9 p.m.

## Police Capture 3 Holdup Men Cleveland Officers Wound One Man

CLEVELAND (AP) — A traffic patrolman preparing to ticket a double-parked get-away car outside a tavern turned out the hero in Wednesday night's capture here of three of four holdup men. One of the trio was shot in the hip.

Patrolman Robert H. Tonne, driving an unmarked car, stopped to ticket the double-parked car. Suddenly a man with a shotgun and two other men ran out of the tavern and joined a fourth man waiting in the car.

"When I saw the shotgun I didn't want to excite them, because I realized that I was armed only with a revolver," said Tonne, who was working alone.

He followed the car and radioed for help. When the robbers' car turned into a driveway to avoid a cruiser with flashing light, Tonne stopped, got out with service revolver in hand and called to the men to give up. Instead, they bolted and he emptied six shots at them. Another policeman fired twice.

Wounded in the hip was Arden Sparks, 31, of Cleveland. Captured nearby within a few minutes by other policemen were Robert Deitch, 35, and Bruce Wallings, 34, both of Cleveland. Wallings escaped from the county workhouse Tuesday by hiding in the back of a meat delivery truck. He had been sentenced for a traffic violation.

Detectives said the three admitted being the holdup men who took \$173 at the tavern. Police identified the man still sought as James Johnson, 25, who escaped with Wallings from the workhouse. He was in for carrying concealed weapons.

## McDonald To Give Youngstown Talk

District 26 Director James P. Griffin of the United Steelworkers today announced that final arrangements have been made for the Union's International President David J. McDonald, to address a membership rally at Youngstown Stambaugh Auditorium Sunday evening, Jan. 10.

Because this rally will be held on the eve of the NLRB election to determine whether or not the steelworkers will vote to accept or reject the Steel Industry's last offer, Mr. McDonald informed Director Griffin that his words here will have "national significance."

Unlike Mr. McDonald's last appearance in Youngstown Aug. 12, when he spoke to 3,000 Local Union officials, the Jan. 10 rally is open to all steelworkers, their wives and adult members of their families.

## Job Abolished Following Ohio Printing Incident

Government Presses  
Used to Turn Out  
Weekly Newspaper

COLUMBUS, Ohio (AP)—Printing of a weekly newspaper on presses belonging to the Department of Natural Resources had further repercussions today.

Ernest A. Greer, chief of the department's information section, said Director Herbert B. Eagon had abolished his job. He said he believed the action was taken "not for economy reasons, but as a direct result of the incident."

Eagon, in a letter to the Civil Service Commission, abolished the job effective Jan. 16, giving "reasons of economy" as a basis for the action. Greer's salary has been \$600 a month.

Randall C. Guthrie, chief of the department's education section, was suspended for 30 days in connection with the case, along with Daniel Gephart, a department employee.

Greer said today "the action by Director Eagon comes too soon after rumor and gossip had spread through the department that I had been personally responsible for the breaking of the story on the weekly."

"I do not believe it is important whether I was or was not responsible for the so called 'leak' to the press. I do believe it is important to know what official action Director Eagon would have taken if the story had not appeared."

The Columbus Dispatch first reported the use of the department presses for the printing of a Reynoldsburg weekly paper on a temporary basis. The next day Eagon suspended Guthrie and Gephart.

Eagon has announced that the state will bill the C.&G. Printing Co., which published the weekly paper, for \$62.50 for printing six editions on department presses.

## Driver Convicted On Murder Count Gets Life Term

CANTON, Ohio (AP)—Ellis Patterson Jr., 26, convicted of second degree murder for his part in an auto drag race which killed three persons, was sentenced to life imprisonment Wednesday in Ohio Penitentiary. He will be eligible for parole in 10 years.

Common Pleas Judge George N. Graham passed sentence after he denied a defense motion for a new trial for Patterson, who was convicted Dec. 4 by a jury of seven men and five women. Attorneys L. W. Rohrbaugh and Frank Menster said they planned to appeal the verdict.

The verdict against Patterson was the first murder conviction in Ohio resulting from a traffic fatality. Drivers accused in traffic deaths normally are charged with manslaughter in Ohio.

Police said Patterson and James Bradley Jr., 23, were drivers engaged in a drag race last Sept. 12 when they crashed into a car driven by William Serena, 33. Serena's wife, Nancy, 32, their son, Ricky, 8, and Serena's father, Rocco, 60, were killed in the collision.

Bradley, also indicted for second degree murder, is scheduled to go on trial Jan. 11.

CHOIRS WILL MEET  
The Junior and Senior Choirs of the Holy Trinity Lutheran Church will meet at 6:30 and 7:30 p.m., respectively, in the church Friday.

## Beauty A La Mode

By MARY RUTKAY  
VERSATILITY PLUS  
The true "love" of every woman's life is a hair style that can be combed into different arrangements. New styles take honors when it comes to fashion versatility. With a flip of the hairbrush and comb they are converted. They are reminiscent of the relaxed hairdos made famous during the 30's by many of the glamorous stars. Unlike the clinging, long flat line of that era, the current versions have a special permanent to give body rather than curl.

Now is the time for your special new permanent. It will make all the difference. Arrange now for your lovely, long-lasting wave at

### More Prosperity Expected

## Booming West Europe Enters New Decade With Confidence

LONDON (AP)—Fashion-conscious French girls look to Italy for their shoes and sweaters. Car-crazy Britons take the road in snazzy Citroens from France. Christmas tables in Germany are piled with the products of a dozen countries.

That's a representative picture as booming Western Europe marches confidently into the new decade, more than ever a family despite occasional squabbles. From country after country the year-end report is one of boom, with more prosperity expected.

Except in Italy, unemployment is negligible. For Italy it is an old, old problem, and the government is enticing northern industry to the impoverished south to help matters.

Only in Belgium, over-dependent on coal exports which few countries now want to buy, was the past year less than booming. Even there the recovery prospects are bright.

Paradoxically, the rival trade blocs which threaten to split west Europe's economy may actually help to unite it.

The year saw West Germany, France, Belgium, the Netherlands, Italy and Luxembourg unite in a common market with tariffs re-

duced on trade between each other. Britain and six other countries—Switzerland, Austria, Portugal, Norway, Sweden and Denmark—replied with a tariff cutting scheme of their own. It comes into effect in 1960.

Soon the two groups start talking together. If all goes well, the result will be lower tariffs everywhere.

### Woman Faces Charges As Result Of Prison Break

DAYTON, Ohio (AP) — Mrs. Betty Jo Taylor, 22, wife of one of the 11 prisoners who escaped from Montgomery County jail a week ago, admits she bought the steel blades used by the prisoners to saw their way out.

Mrs. Taylor, in making the admission Wednesday to Chief Deputy Sheriff Tom Wilson, denied, however, that she smuggled the blades into the inmates' cells.

Already in custody since last Thursday on a charge of carrying a concealed weapon, Mrs. Taylor faces three more charges. They are aiding felons to escape confinement; aiding in escape of her husband, Gary S. Taylor, 24, after his arrest, and harboring felons.

Mr. and Mrs. Taylor were apprehended last Thursday by Deputy Walter H. Price, who spotted them walking along a street while on his way to work. Mrs. Taylor pulled a gun on Price but he managed to grab it away from her. It was only then the deputy found it wasn't loaded.

In questioning that day, Mrs. Taylor admitted that Charles Henderson, 19, of Springfield, charged with a second-degree murder and one of the escapees, was at the Taylor residence tending the Taylor baby. Henderson then was picked up there without resistance. All 11 of the escapees were caught last week.

Three hacksaw blades were found in Taylor's cell after the escape.

**TO GET PAY BOOST**  
CANTON, Ohio (AP) — Timken Roller Bearing Co. will give a four-cent cost-of-living increase to hourly workers in the pay periods starting Jan. 3 and Jan. 10; the company announced Wednesday. Salaried workers also will get cost-of-living increases Jan. 10 amounting to about 1 per cent of base pay. Timken has about 8,000 production employees who are covered by a United Steelworkers' contract that expired last Aug. 24 but was extended twice, the second time to Feb. 20.

**WILLED \$600,000 ESTATE**  
CLEVELAND (AP) — The widow of Guerdon S. Holden, first vice president of the Forest City Publishing Co. who died Dec. 17, is the chief beneficiary of his estate valued at more than \$600,000. Papers filed here Wednesday give Mrs. Anne M. Holden all her husband's real and tangible property.

### Reed Sworn In As Governor of Maine

AUGUSTA, Maine (AP) — A youthful potato grower from Maine's north country occupied the governor's chair today as a stunned citizenry mourned the death of Democratic Gov. Clinton A. Clauson, 64.

In a brief and somber state house ceremony Wednesday night, John H. Reed, 39, a Republican, took the office from Chief Justice Robert B. Williamson of the Maine Supreme Court.

Eighteen hours earlier Clauson died in his sleep, apparently of a heart attack, at the executive mansion. He was within a few days of completing his first year in office.

Reed succeeded to the governorship by virtue of his office as president of the state Senate. He will serve only until Jan. 4, 1961. A special primary will be held next June and the voters will elect a governor in the fall to fill out the remaining two years of Clauson's term. Clauson's death and Reed's succession gives the nation 34 Democratic and 16 Republican governors.

### DiSalle Appoints Minerva Man to Board

COLUMBUS, Ohio (AP) — The appointment of Paul F. Benson of Minerva, near Canton, by Gov. Michael V. DiSalle completes the three-man board of review in the new Ohio Department of Personnel.

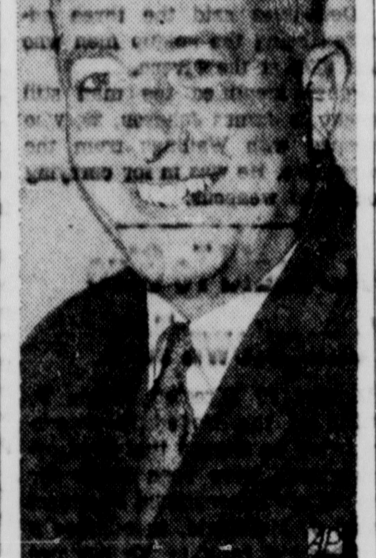

DiSalle earlier had named two Democrats, Carl Smith of Kenton and Minor Kershner of Liberty Center (Henry County) to the review board.

Benson, 34, a Republican, became personnel manager of Kolt Industries Division of Thompson Ramo Wooldridge, Inc., in 1956. Before then he was employed by Republic Steel Corp. in Warren. Benson's term, at \$10,000 a year, will expire in February, 1965.

The board of review members will be sworn in Jan. 1 along with James T. Welch, director of the new department.

WARREN, Ohio (AP) — Leroy P. Penner, 68, retired Associated Box Co. manager, was killed in a two-car collision here Wednesday.

**SUPERVISOR** — Daniel L. O'Connor, a former FBI agent, has been named to supervise the enforcement of anti-corruption provisions of the new federal labor law.

### This Texan Lies About Home State ---And Admits It

BURLINGTON, Wis. (AP) — When a Texan says Texas hasn't got the biggest of everything, it's bound to be a lie.

Well, podner, there's a fellow named W. C. Cook in Wichita Falls who fibbed so well about what he says is a Lone Star shortcoming that he's done himself and his state mighty proud. Cook today was named world champion liar for 1959 by the famed Burlington Liars Club.

Cook topped this year's mountain of mendacity with a story pinned on—of all things—lack of wind.

Here's the lie he submitted to the club in its annual contest:

"You have heard of big winds. Well, last summer we had so little wind down here and I had to take down two of the three windmills on my ranch to get enough wind to operate the other one. And if I hadn't taken down the wire fences that were obstructing the wind, that wouldn't have worked."

When the club awaits an honorable mention, it may be stretching the term a bit. Nevertheless, the organization saw fit to pin that doubtful honor on three other tales, including one that proves the Arctic Circle has a dizzying influence.

"About the only crop we can't raise up in Manitoba is sunflowers," R. T. McCullough of Winnipeg wrote. "Being so far north, we enjoy the midnight sun—and sunflowers, following the sun around, twist their heads off."

Stretching a point further—even to getting oneself on a limb—as a common failing that occasionally extends itself even to the clergy.

For instance, the Rev. Ralph W. Heller of Transfer, Pa., notched himself an honorable mention with this falsehood:

"An ancestor of mine landed in Ohio in pioneer days, and cut down a hollow tree for his family to live in, while they cleared ground for a farm. It worked all right for him and his wife, but the kids were always getting lost, chasing squirrels up the hollow limbs."

### BRIDGE TO BE REPAIRED

UHRICHSVILLE, Ohio (AP) — Repair work is scheduled to start Monday on a broken bridge on Ohio 36 here. Traffic will detour through New Philadelphia and Newcomerstown during repairs. The bridge was closed Dec. 21 when a car was snagged by a broken metal strap holding the planking. Mayor Jess Dempster had the bridge barricaded when both the county and state balked undertaking repairs.

### FARES TO BE REDUCED

CLEVELAND (AP) — Experimental reductions in round-trip coach fares between Youngstown and Chicago, effective Tuesday, will be made by the Erie Railroad. Fare from Youngstown, Niles, Warren, Ravenna, Kent, Akron, Barberton and Wadsworth to Chicago and back will be \$23.35, the Erie said. This price cuts \$4 from the Youngstown-Chicago fare and lesser amounts for those Ohio cities to the west.

# Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My niece, a lovely girl of 17, is leaving town until her out-of-wedlock child is born.

The family is sick over this. Her parents are religious people who have given her fine upbringing and the best of everything. To make matters worse, she was not going with any particular fellow and doesn't know who the baby's father is.

To meet her, Ann, you'd say she is a sweet, refined young lady—which brings me to the point of this letter.

I've always said it's the innocent ones who get into trouble. The tramps are far too wise. So why does public opinion brand the unwed mother as a common trollop? The fact the girl didn't know how to avoid this trouble is proof of her virtue. Please print this for—A HEARTBROKEN FAMILY.

Dear Family: Sorry but I don't have any silver loving cups lying around for sweet, innocent girls who have babies out of wedlock.

It's not always the inexperienced ones who get caught. Many a wise apple who thought it couldn't happen to her lost her head, drank too many martinis

and met up with that well-known snake in the Garden of Paradise.

I'm sorry to say it, but too many young girls today don't want to hear the "Be moral, be pure, be good" routine. They need a better reason. So I tell 'em: Be smart. Keep your reputation. Keep your dignity. Save yourself for marriage. To do otherwise is stupid and it's risky.

## Family Chump

Dear Ann: Ma is 37, has a bad heart and can go any minute. Since she got sick three years ago I've had the whole family for Easter, Thanksgiving and Christmas dinner. I do all my own cooking and baking. The mob numbers 17. The grocery bill runs about \$35 a dinner, as they are all big eaters. My two sisters-in-law are the laz-

iest things God ever created. Also my own sister is no bargain. I'm just recovering from Christmas and Ma said, "I'm looking forward to Easter. It's so wonderful to have the family together for dinner."

My husband says I should refuse to be the horse again. He says it's someone else's turn. I'm afraid an open argument might kill Ma. What is your advice? — THE CHUMP.

Dear Chump: Have a pow-wow with the tribe and direct your

remarks to the sisters-in-law and the "no bargain sister."

Explain you'll be glad to offer your home for the Easter dinner but they must help prepare the food, clean up after and split the grocery bill four ways. If they refuse, invite Ma and tell them to come after dinner—to spend the evening.

## Consult An Attorney

Dear Ann: I was standing on the street corner waiting for a bus and

a friend who was passing by offered to give me a lift. We were waiting at a stop light when the car behind plowed into us (bad brakes, he said).

I was knocked against the windshield. This caused considerable damage to my bridegroom and the bill may be about \$150.

My nephew who is in law school says the person who picked me up is responsible. Before I send the bill to him I thought I'd write and ask you.—M.C.R.

Dear M.C.R.: Ask a lawyer

who has graduated and is in practice — and pay him for what he knows.

## Confidentially

TO MISS LED: You were, indeed. You should not have asked

her to exchange the gift. Far better to have asked her permission and exchanged it yourself.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

To each of you, we wish all the good things that go toward making each New Year one of lasting memories.

Best Wishes

## Democrats Only Pretend to Be Pleased

There was some fast double-shuffling among politicians when Gov. Nelson A. Rockefeller sidelined himself in the contest for the Republican presidential nomination last week. Some of the fastest—and we think the funniest—was done by Democrats who pretended to be pleased because Rockefeller's withdrawal gave the nomination to Vice President Nixon.

Their explanation was that they had feared the strength of Gov. Rockefeller, who would have been a symbol of the same kind of fuzzy-minded liberalism they were advocating if he had become the Republican nominee.

But with the way cleared for Vice President Nixon to get the Republican nomination without opposition, some of the Democrats said, they welcomed a chance to tangle with a candidate who would be a symbol of the conservatism represented by President Eisenhower. That would be to their liking, the Democrats chortled.

We suspect they chortled with tears in their ears.

We think they would have preferred the gag that worked wonders for their side when Republican nominees like Alfred M. Landon, Wendell Willkie and Thomas E. Dewey tried to out-dea the New Deal and lost their political skirts.

In election after election, voters were given a choice between voting for the real thing and what was presented to them as a reasonable facsimile of the real thing, so in election after election voters went for the real New Deal.

While they were doing this, hundreds of thousands of Republican voters who could find nothing attractive in either choice stayed away from the polls—a political fact often reported by analysts but studiously ignored by Republican strategists.

**ONLY ONE IMPORTANT** Republican refused to ignore the obvious purpose of the two-party system, which is to give voters a choice. As a congressional candidate and later as vice presidential candidate on the Republican ticket, Richard Nixon was "giving 'em hell" long before Harry Truman made the phrase popular in 1948.

Left-leaning Democrats hated Nixon for

slam-banging. They used to send heavy artillery out to California to augment the running barrage maintained against Nixon by West Coast Communists. What they called good fun and old-fashioned political razmataz when Truman did it, was rough-house stuff when Nixon did it. He hit them with everything within reach when he went campaigning, and he made it pay, especially in the Midwest, where Gov. Rockefeller would have been at a disadvantage as a vote-getter.

We think Democrats who said they were glad the Republican nomination had been narrowed down to Nixon because they preferred to take him on in a national election were spoofing.

Backers of the Democratic hopefuls who are getting ready to cut up one another over sectional and ideological issues in the 1960 convention know they are facing the strongest possible Republican campaigner—the man with the record to show for it.

**HE NEVER HAS HAD** a word of comfort for his political opposition. His version of two-party system calls for proposition and opposition.

His concept of the Republican position in contemporary politics is to oppose all the left-leaning and left-wingers who have dominated the Democratic party during his political lifetime.

There are Republicans as well as Democrats squeamish about Mr. Nixon's forthright point of view on campaigning. He comes out swinging, he keeps swinging and in the event of defeat, which was his lot in 1958, he even goes down swinging. This is offensive to all Nice Nellies and Obsequious Oscars who think politics should be powder puffs at 30 paces in a crosswind.

The 1960 campaign—whatever comes out of the Democratic nominating convention alive—is going to be robust. Richard M. Nixon, who got his start by licking Communists and their sympathizers in California politics and clinched his reputation for tough infighting by taking on all comers in two presidential campaigns, will be the most robust candidate Democrats have tangled with since Teddy Roosevelt.

## Purpose of the 'Coy Period'

Among the people surprised by Nelson Rockefeller's withdrawal from the presidential race are those who suddenly found they had some crow to eat.

They are the citizens with short patience for men who make all kinds of signs like candidates but refuse to say they actually are candidates. A citizen who gets his dander up over the "coy period" that precedes political campaigns is best identified by this sort of remark:

"Everybody knows so-and-so is going to run. Why doesn't he come out and say so and stop all this phony fiddling around?"

Gov. Rockefeller's decision shows such indignant observers that the fiddling around is not always phony. When a politician says he has a lot of things to think about before he makes up his mind, he probably is telling the truth and not just stalling for time.

The basic thing he must think about is whether he can win. Related to that is how much it will cost him in money, time, energy and disrupted family life to win. Mixed in with those factors are the effect on his party and the number of friendships he is likely to lose if he makes the fight.

All these must be weighed with the chilling thought in the background that his judgment might fail him and he would lose after all.

## Once Over

### PREDICTIONS FOR 1960

**JANUARY:** Miami Beach will start building a new hotel on top of a new hotel before discovering it hasn't been razed yet . . . Sen. Kefauver will extend the medical probe into culpability of doctors in lowering morals of patients by compelling them to read old magazines in waiting rooms. . . . A rocket will blow up at Canaveral during the countdown . . . Billy Martin will be traded or sold or released or something . . . There will be talk of tax cuts . . . Both sides of the steel strike will tagger out gasping "Was this trip necessary?"

**FEBRUARY:** Khrushchev will demand Spirit of Camp David while declaring he can lick anyone in the houses . . . There will be a summit meeting to decide where they will hold the summit meeting . . . Stuart Symington will declare Uncle Sam asleep at switch in preparedness . . . Jimmy Hoffa will denounce monitors, and visa versa . . . Flood of biographies will prove that in Roger Tuohy's case they shot the wrong writer of biographies . . . Ground hog will come out, see shadow of 50 million newspapersmen and flip its lid.

**MARCH:** There will be talk of tax cuts . . . A rocket will explode at Canaveral . . . The U.S. Health Bureau will warn people of insecticides in hotdogs, hamburgers and cocktail olives and REALLY cause alarm . . . Nevada and Mexican divorce courts will announce night and day pushbutton services . . . Heavyweight world championship bout plans will be completed but there will be trouble recalling names of fighters supposed to participate . . . There will be a last minute decision to hold first the summit meeting on treadmill in the middle of a revolving floor.

**APRIL:** Fidel Castro will shoot an American boy scout for playing the role of a Good

What would that cost him in terms of the future?

Would-be candidates for most lesser offices can do this kind of figuring quietly without making overt hat-tossing motions. But not presidential candidates.

Before a man can cast a serious eye on the top political job in the nation he must occupy a position of some prominence. And a prominent man cannot travel around the country sounding out his opinions on critical issues, learning what grass roots political feeling is or seeking necessary commitments from party leaders and still keep secret what he is up to.

Indeed, the secret must be out before he can garner some of the information he needs to make his decision.

Once the secret is out, hundreds of people jump to the conclusion the would-be candidate himself is wisely trying to avoid jumping to: That, come fire or flood, he is going to make the race.

If the "coy period" is trying for impatient onlookers, it is infinitely more so for the man personally involved in trying to be President.

But it is inevitable because it is invaluable to him. In Nelson Rockefeller's case, it probably saved his political life.

By H. I. Phillips

**Samaritan . . .** Senate Committee on Oversight will probe oversights by TV in carrying out promises not to be guilty of oversights . . . Apparatus for distributing smells with movies will get out of order, compelling fans to take pictures visually . . . Jimmy Hoffa will blast Monitors and visa versa . . . There will be talk of tax cuts.

**MAY through AUGUST:** Observance of National Doubletalk Month by all political candidates.

**SEPTEMBER:** Promoters of world heavy weight bout will report they have not yet been able to recall names of originally scheduled fighters. They will deny they were under impression fight was to be between Floyd Hammarskjold and Ingomar Braddock.

### Cites Merits of 2-Party System

Twenty years ago our local Democratic party proposed to the local Republican Party that we create a joint council of our local committeemen of both parties for the purpose of making a joint study of the need to employ trained men in municipal management; to modernize local government and other matters which transcend party self-interests.

The then local Republican chairman opposed such an effort because he favored the so-called manager or charter form of government of a type which would abolish two-party organized political competition for the election of Council.

Since then, these very partisan non-partisan manager advocates have refused to follow an evolutionary policy of improvement.

Consequently, in the meantime, the two-party system has gone ahead and given Salem pretty much what a city manager form of government would give us, without sacrificing organized competition for personal competition or election by majority for election by plurality or group responsibility for individual responsibility.

For example: A number of years ago the city government, under a Republican administration, created the Utilities Commission and

placed the water system under their jurisdiction.

Later, under a Democratic administration, we placed the sewage system under their jurisdiction. Recently, it has been suggested that sometime the service and safety departments be placed under their jurisdiction.

The Utilities Commission employed a "manager," Aubrey Hayes, to manage the business affairs of these very important departments. They have, for all intents and purposes, provided a trained "manager" in the art of water and sewage.

Over the years both parties have appointed men to this commission and anyone who knows these men realizes that no form of government could attract or select men of higher character, higher devotion to Salem or with greater business experience or ability.

Over these years neither party has exercised influence over this commission to further their party self-interests. This "record" disproves the charge by the partisan non-partisans that the two-party system can not perform for the best interests of a municipality.

No one questions the need for men formally trained in municipal government to manage the business end of government. To achieve this, however, does not require the abolition of organized

NEW YORK (AP) A bit of the halo may be restored to the dollar next year.

Exporters think they'll be able to sell more American goods abroad because of some easing in foreign curbs against them. Importers think their spending won't increase at this year's pace, which set a new monthly record in September.

Foreign aid, travel spending, and American business investment abroad will add to the outgo of dollars, however.

And the net result still will be more outgo than income, just as it was this year. This will allow other nations to increase their dollar holdings further—and to buy gold from us if they wish. This has chipped away at the U.S. dollar's prestige, if only slightly at its intrinsic value.

But the predictions now are that the big strain on the dollar will be reduced considerably. The desired balance between income and outgo is unlikely to be achieved—but the imbalance shouldn't be as large as it has been.

And if President Eisenhower's visit to our prospering allies in Europe induces them to shoulder some of our load of foreign aid, the strain could be further eased. A lot of their prosperity was sparked by Yankee dollars.

The Commerce Department thinks the tide flowing out of the United States began to slow down this past summer. And its hopes for larger exports next year are high.

Exports now are running around an annual rate of 17 billion dollars.

placed the water system under their jurisdiction.

Later, under a Democratic administration, we placed the sewage system under their jurisdiction. Recently, it has been suggested that sometime the service and safety departments be placed under their jurisdiction.

The Utilities Commission employed a "manager," Aubrey Hayes, to manage the business affairs of these very important departments. They have, for all intents and purposes, provided a trained "manager" in the art of water and sewage.

Over the years both parties have appointed men to this commission and anyone who knows these men realizes that no form of government could attract or select men of higher character, higher devotion to Salem or with greater business experience or ability.

Over these years neither party has exercised influence over this commission to further their party self-interests. This "record" disproves the charge by the partisan non-partisans that the two-party system can not perform for the best interests of a municipality.

No one questions the need for men formally trained in municipal government to manage the business end of government. To achieve this, however, does not require the abolition of organized

political competition between Democrats and Republicans and substitute competition between individual "do its" and "don't its." Nor would it require that our civic organizations, such as the Chamber of Commerce, SAIDC, Labor unions or others, become so involved in political controversy or accept the responsibility for political controversy, that they cease to be useful in the work they were created to do.

Political controversy, including controversial acts of government, is the responsibility of political parties. That's their civic job.

So I again propose that the non-partisan "party" and the committeemen of the two other local parties, meet in joint council to study what further improvements are possible, including Mr. Lloyd Gordon's ideas. Then, after such a study is completed, report the results to Council and let them tear it apart. But let's not ask the now over-worked councilmen to waste their time on something which would be impossible to sell to the people of Salem.

It seems to me that the good intentions of Mr. Gordon's non-partisans and the good intentions of the Democrats and Republicans should not be wasted. Rather, Salem deserves the best that we all have to offer.

SAIDC is exercising every effort to get as much free publicity for Salem as possible. A convention of both parties with the non-partisan "party" for the purpose of working out modernization of local government might not only solve some of our problems, as Mr. Gordon suggests we could expect with a city manager, but would give Salem some nation-wide publicity.

Possibly some industrialist looking for a place to set up shop might learn of Salem and its men of political good will and decide that it might be a good town to look into.

If Salem's particular needs require a change in state laws we can always ask the legislature to change the law.

If Salem adopted the non-partisan idea of electing Council, election would be as interesting as a football game with only one team on the field.

### Reds Spawning Propaganda Against Jews

The anti-Semitic outburst in West Germany has all the earmarks of having been artificially contrived by the propagandists of the Soviet Union. Its obvious purpose would be to impair Chancellor Adenauer's position in the Western world and alienate, if possible, the good opinion which has been developed toward West Germany in recent years.

Demonstrations of anti-Semitism in West Germany have been denounced by the Adenauer government and there is every indication that the German people deplore such evidences of religious bigotry. The same cannot be said of the Soviet government.

Here, for instance, is a revealing dispatch from Manchester, England, which came over the wires of Reuters News Service on Dec. 24 but was not widely noted in the United States:

"The Manchester Guardian," a liberal newspaper, today said that anti-Jewish feelings in Russia "are being encouraged both by newspaper articles and by administrative measures."

"The Guardian" cited recently published reports that in Malakhovka, 15 miles from Moscow, the synagogue was set on fire in October as well as the cottage of the caretaker of the Jewish cemetery, whose wife died in the blaze.

"Such outrages may be acts of hooliganism, rather than of deliberate policy," "The Guardian" said. "But there is no new evidence that the authorities are taking energetic steps to stamp out his evil before it spreads."

"The newspaper said that synagogues were being closed and Jewish cemeteries requisitioned."

**JUST A FEW HOURS** after "The Manchester Guardian" article appeared, the news wires were telling of the desecration of a rebuilt Jewish synagogue in Cologne, West Germany, which Chancellor Adenauer had helped dedicate last September.

On Christmas Eve, Swastikas and slogans saying "Germans demand that Jews get out" were smeared on the temple walls in red and white paint and black paint was splashed over a near-by monument to victims of Nazism which bears the words: "This memorial recalls the most shameful period of German history."

The Adenauer government has been energetically conducting an investigation and has made several arrests.

A statement from the local government authorities says it is "almost certain" that leaders in the Cologne office of the extreme right-wing German Reichs party knew about the plan to desecrate the synagogue. One of the persons arrested is known to have Communist ties.

Undoubtedly there are still anti-Semites in Germany and the Communists know how to utilize some of them to advantage. Indeed, there

is reason to believe that the Moscow government has stimulated some of the former Nazis who reside in Argentina and in the United States to foment friction between religious groups.

It will be recalled that in this country not so long ago synagogues in widely separated parts of the West and South were smeared with paint and then there were anonymous telephone calls which were couched in typical Communist phrases such as now are emerging in West Germany.

There are reports, too, that the Moscow apparatus has made use of some Arabs resident in America to help foment anti-Semitic outbursts in the South and other parts of the country.

**THE TECHNIQUE** of the Communists is to seize upon any kind of friction and exploit it for propaganda purposes.

The Moscow strategists are not averse to double talk either. Though atheism is one of the basic tenets of Communism and Christmas is not celebrated in the Soviet Union, the Moscow radio on Christmas day hypocritically beamed an appeal to "Christians in the United States."

This was sponsored by the president of a small organization of Baptists, and called for "universal disarmament," taking the usual Communist line.

Likewise, the broadcast made a point of saying that Christmas services were held "in all Catholic churches," while carefully omitting mention that only a few such churches are permitted to function in Russia.

The reason that these are open probably is related to the desire to use them as a propaganda front in order to refute charges of religious discrimination. But the fact remains that Christian churches have only a token representation in the Soviet Union.

**THE SOVIET** propaganda machine disregards all such inconsistencies however and at present has apparently decided that it will arouse anti-Semitic feeling as a means of currying favor in the Middle East and as a weapon in the West against the Adenauer government.

The evidence is accumulating, on the other hand, that the German people are trying to make amends for Hitlerism.

A few days ago, for instance, Alfred Krupp, German industrialist, agreed to pay \$1,429,000 to Jews forced by the Nazis to work in Krupp factories and a spokesman says that, if this does not cover it sufficiently, Herr Krupp is willing to increase the total to \$2,380,000.

The German people, moreover, have by their expressions and acts since the war demonstrated that they will not tolerate anti-Semitism.

The corrective action by the local authorities and the co-operation of the people of Cologne generally in investigating the persons responsible for the vandalism against the Jewish synagogue on Christmas Eve indicate that the Communist propaganda maneuvers are not going to succeed.

## Settling Into Place

By TRUMAN TWILL

My father left a drawerful of unused Christmas presents when he died. There were scarves, suspenders, ties, gloves, cuff links, ornamental collar buttons, stick-on ties, even socks.

To him it didn't seem reasonable to wear these things when he already had similar items that weren't worn out.

I did not inherit this part of view. My idea is to pitch into the Christmas loot and use it up. I started with the new electric drill I have been asking for ever since Cal Coolidge was in the White House.

Before a ventriloquist could say, "Shoot the juice to me, Buster," I had bored two large holes in the wrong place in the living room wall, preparatory to putting up this year's "conversation piece" Christmas present, an illuminated terrestrial globe that goes up and down on a counterweight.

Last year's "conversation piece" present was a revolving electric lantern with bulbeyes of colored glass, and it wasn't put to use until midsummer, because it took that long to decide how to "shoot the juice" to it where it belonged, in the extended hand of the hitching post boy in front of the house.

That was one reason for not delaying installation of the illuminated terrestrial globe this year. Time should not be wasted. No sooner was the globe in place than it claimed its first victim, who walked up to the counterweight, gave it a push and whom! The globe came down on his head. It's going to be a profanity piece as well as a conversation piece.

Actually, this year I got two conversation-piece Christmas presents. The other one was a pair of suspenders. I hadn't hitched on a set of galluses for 10 years. The ones that had been held over, in case it ever seemed like a good idea again, turned limp soon after Dwight Eisenhower captured the White House.

True to the principle that nothing should be left unworn or unutilized, I put on the galluses and

went to the office. I was eight inches higher than I was before Christmas. A set of springy braces can do that for a man, especially if he is in a weakened and bent-over position. It ceased that.

This year I got no gloves, no ties, no scarves, or I would have bungled up in them. I'm scared someone will give me a camera sometime, because that would turn me into a pest. I'd shoot everything in sight on Christmas afternoon the way I whaled away at sparrows the Christmas I got the BB gun.

This goes on all over the country, after Christmas, and it's pretty nice in its way. Gives relief to a glum time of the year. People with new watches keep looking at them. Dolls with new mink coats figure out ways to show them off and maybe drag them a little on the floor to show contempt for furred animals.

Men who were given pipes have sore tongues. Mothers who received new brooms sweep clean, and that's the way it goes.

By the first week in January, all the stuff has settled into place. Misplaced holes have been bored with electric drills, fingers cut with new tools, educational toys discarded in favor of toys that are fun to play with, gravy spilled on new ties and the impossible stuff hidden away in closets awaiting the next urgent call for useful articles that can be sent to the Ubangis, to upgrade them into modern civilization.

## Inside Labor

By Victor Riesel

There is a little "list" on the desk of Vice President Richard Nixon. It is a roster of 10 names—all acceptable running mates on the national Republican ticket come mid-July. It has been generally believed that leading all the rest is Secretary of Labor James Mitchell. This is not true.

The affable Jim Mitchell, who is one of the few politicians doubling as his own press agent, is away down on that list. And that's news because it discloses in a sudden white flash what's been happening deep inside the vice president's camp.

It reveals that the vice president doesn't appear to need a bridge to the nation's labor leaders. He personally is now that bridge.

Mr. Nixon has surprisingly, for example, had a pleasant and intermittent correspondence with Walter Reuther.

Just last October he dispatched a friendly letter to the Auto Union chief. It was filled with high and personal praise for Reuther's handling of Khrushchev in San Francisco.

**REUTHER SENT WORD** that he was pleased with the vice president's reaction.

Nor is this the only contact with the Reuther family. Mr. Nixon has had many talks with Victor Reuther on how to integrate Negroes into the government construction work at the Capitol Building, the House Office Building and the new Project Six building—the only big time construction employment in Washington these past months.

The vice president and steel strike leader Dave McDonald consider themselves good friends. Even the ebullient and frequently irascible Jim Carey has exchanged visits and dined with the vice president this past year.

This doesn't reshape the Nixon image in the mind of labor's collective leadership. Nixon knows he's not going to get the Auto Workers' Union "man-of-the-year" award. He also knows that he needs no one to run interference for him with the union chiefs and that he's closer to some of them than Labor Secretary Mitchell.

So the vice president is not now thinking in terms of who can get him the professional "labor vote." The Republican party's anonymous strategists believe they can get the vote of those who labor for a living. There are many reasons but here are three from deep inside:

One is the Republican Action Committee. This group, which now has a new section in the Republican national headquarters, has launched its "Recruit for '60" drive. This simply is the attempt to go into the precincts and build

political campaign machinery there to match and contest labor's COPE machine.

THE GOP tried it earlier this month in Iowa. There in two counties the Republicans feel they beat labor's campaign outfit which was built around the strong Packinghouse Workers Union and the United Auto Workers sections. This was in the special Congressional election in the Fourth District of Iowa.

The second reason is the growing support for the vice president in the Negro communities of many of the northern industrial areas. There is general belief now that the labor leaders will lose their influence among the 1,500,000 Negro unionists.

This resentment against labor's national leaders began during the AFL-CIO convention. Negro spokesman A. Philip Randolph of the Brotherhood of Sleeping Car Porters charged that the convention was not fighting segregation inside labor. Since then there's been a bitter battle building. The Negro leaders resent segregated locals in such unions as the Musicians Federation and the Construction Trades as well as in some Railway Brotherhoods.

THE NEGRO leaders are aware of the struggle between the work of Dick Nixon's Federal Committee on Discrimination in Government Contracts and the national AFL-CIO headquarters.

The AFL-CIO chiefs have not been able to budget the Construction Unions into accepting Negro members in the capital. And word has seeped out that some national labor leaders have asked the government to go slow and not make a public issue of the integration fight.

Finally, the Republican foreign policy of talking about the liberation of Communist dominated lands instead of merely containing Soviet forces has attracted millions of American workers of Polish, Hungarian, Czech, German, Balkan and Baltic descent.

So while Dick Nixon doesn't want to battle with the national labor chiefs, it is believed that he will not woo them by selecting a running mate allegedly friendly to them, merely because he wants a liberal running mate.

## New Blue Cross Plan Offered Counties

YOUNGSTOWN, Ohio (AP)—A new hospitalization insurance plan is being offered Blue Cross subscribers in Mahoning and seven other Northeastern Ohio counties.

Known as the 80-20 plan, it calls for Blue Cross to pay 80 per cent of the hospital cost under the subscriber's contract, with the subscriber paying the other 20 per cent.

When the new Blue Cross rate structure goes into effect Feb. 1, subscribers will have the choice of accepting the new plan at no increase in rates or accepting a rate increase with no change in their present contracts.

The new rate structure calls for increases of 50 cents to \$3.35 a month, depending on the type of contract held by the subscriber. Other counties in which the new plan is offered are Trumbull, Columbiana, Jefferson, Washington, Monroe, Noble and Harrison.

## The Doctor Says

By HAROLD THOMAS HYMAN, M. D.

### Here Are Eye-Openers on Sleeplessness

Drowsiness bothers members of the household more than the subject.

A wife will complain that her husband returns home from work or the office, eats his meal, turns on TV and falls asleep in a chair facing the picture tube.

Or it may be the other way around, with the husband complaining that the wife no longer gets through clearing up after the evening meal than she's off to dreamland.

Or they both complain that it's impossible to get the kids up in time for school on weekdays. And over the weekend or on holidays, it's a battle to get them up in time for the noon meal.

AND THEN there's a special kind of drowsiness, called narcolepsy, in which the subject is overcome with a sudden need for sleep and nods off in class, at work, or even when driving a car.

While the problem of narcolepsy requires immediate medical consultation, you may get out your do-it-yourself diagnostic set and discover some of the common causes of other forms of drowsiness. Here are some possible clues:

1. Overheating and poor ventilation of the place of work, the classroom or the home.
2. Overeating, especially if accompanied by over indulgence in alcoholic beverages.
3. Mild alcoholic intoxication from more than one ordinary-size drink.
4. Fatigue from overwork during the day or insufficient sleep the night before.

In the TV film, the mother-in-law asked:

"Instead of throwing dirt, why don't people think of the good she did?"

"We love her. She was an excellent wife, a good homemaker and a fine mother—no matter what people say. People should remember that he who is without sin should cast the first stone."

A less emotional phase of the investigation was conducted Wednesday by Emery E. Galloway of the state's mobile crime laboratory.

**Tavern Owner Fined On Firearms Count**

EAST PALESTINE — Frank Howard, operator of Howard's Tavern on E. Taggart St., was fined \$50 and costs by County Court Judge Earl Spalding Wednesday afternoon on a charge of pointing a loaded weapon at another person.

Howard was cited following an incident at his tavern Dec. 8 in which he disarmed Patrolman Ronald Gerlach and held him covered for several minutes with a loaded pistol following an argument.

The maximum fine under the city's code for such an offense is \$50.

Gerlach had already filed a charge in Spalding's court under the state code of assault with a deadly weapon. Howard was arraigned before Spalding on that charge and was bound over to the Columbiana County Grand Jury.

He is under \$2,000 bond on the latter charge.

**Refuse Contract Let In East Palestine**

EAST PALESTINE — The Board of Health Wednesday night signed a five-year contract with Kenneth D. Hunston for the collection and disposal of city garbage.

The contract will expire Dec. 31, 1964.

The board authorized Hunston to increase his monthly fee from \$1.25 to \$1.50. In return, Hunston agreed to collect rubbish and trash as well as garbage, this being made possible through his recent purchase of a tank type truck.

He has held a garbage collection contract with the city for nine years.

**Erie Railroad Names Former Salem Man**

JAMES J. Scullion, transportation research assistant for the Erie Railroad, has been promoted to inspector of operation at Cleveland, effective Jan. 1. He lives at 1238 Lakeland Ave., Lakewood.

A native of Salem, Mr. Scullion started with the Erie Railroad in 1939 as an operator at Salamanca, N.Y., and later at Meadville and Youngstown. After serving as assistant chief dispatcher in Salamanca, he was advanced in 1956 to the research department in Cleveland.

**Man Is Charged As Slayer of Woman**

MARION, Ill. (AP)—A coroner's jury Wednesday night named Dr. Walter J. Goodpaster, brother of Brig. Gen. Andrew Goodpaster, staff secretary to President Eisenhower, as the slayer of a neighbor woman Christmas morning.

The jury returned a verdict that Margaret Strunk, 51, met her death "by a gunshot wound in the head at the hands of Dr. Walter J. Goodpaster." It recommended that he be held without bail for the grand jury.

Goodpaster has been in jail since Mrs. Strunk was killed.

The 46-year-old optometrist read a statement at the inquest that he declined to testify on the ground it might tend to incriminate him.

Goodpaster also is charged with assault with intent to murder in the wounding of Bernard Dobraski, 32, Mrs. Strunk's companion.

**MINOR COLLISION**

The left rear fender and door of a car operated by Sally Lutsch, 18, of 518 Franklin St. were damaged at 7:50 a.m. Wednesday when the car struck another vehicle driven by an Alliance man at Wilson St. and South Broadway.

Police said Gerald E. Stayton, 22, of Alliance, was stopped at the intersection when Miss Lutsch, turning into Wilson St., allowed her car to drift into the Stayton vehicle.

Pimlico racetrack in Baltimore was built in 1870 and renovated in 1957.

Akron North, Salem Foe Saturday, Has Lost 6 Out Of 7

Vikings Unable To Hit Hoops

Invaders Have Two Starters Over 6 Feet

By DICK BRAUTIGAM

Akron North, Salem's cage opponent here Saturday night, has good speed, fine material and the tallest team they have had in several years, scouting reports say. Still, the Vikings don't win.

Six times in seven tries this season Akron North has been on the short end of a score. They have only a 50-37 decision over Akron Kenmore to their credit.

Defeats have come at the hands of Canton Timken 74-60, Barberton 45-44, Cuyahoga Falls 62-46, Alliance 53-39, and Canton Lincoln 46-36. Last night their Alumni dumped them 58-54.

Salem Coach John Cabas saw North drop its game at Alliance. "They have good potential, fine speed and good hands but for some reason they just haven't jelled yet as a team," Cabas remarked about the Akron quintet.

STATISTICS show that one big problem of the Vikings is that they can't hit the hoop. In their last outing against Canton Lincoln on Tuesday, North connected on only 13 of 57 shots from the field for a meager 22.8 per cent. Neither does their average for the five previous tilts lend much encouragement for an Akron North victory here on Saturday.

North's faltering offense has averaged just 47 points per game. However, their seven opponents have averaged only 53.6 markers. Three of the teams which defeated the Vikings, Canton Timken, Cuyahoga Falls and Canton Lincoln, are highly regarded outfits in the state.

North will be up against an unbeaten Salem outfit which is averaging 69.7 points for three games and has made good on an amazing 51.2 per cent of their shots from the field.

AKRON NORTH has two starters over six feet, but as a team they can't match Salem's height. Starting for the Vikings will be Joe Fralich, 6-4 center; Lou Wilson, 6-2 forward; Vernon Neal, 6-0 guard; George Thomas 5-10 guard; and Frank Robinson, 5-10 guard.

Number six man for Coach Bob White's charges is William Beckley, 6-0 guard. Beckley came off the bench against Canton Lincoln this week and dumped in 11 points, high for his team. Wilson is the Viking's leading scorer. The forward has collected 77 points in six games for a 12.8 average.

Coach John Cabas reports that forward Jim Lehwald will once again be out of the starting lineup for Salem. The 6-0 senior with an ailing leg, got bumped around this week in scrimmage against some alumni and Cabas says he is ticketed for only limited action on Saturday.

JIM SOLMEN, 6-1 1/2, and Don Davidson, 6-4 1/2, will open at the forwards. Eric Theiss, 6-5, will be at center while the guards will be Dan Krichbaum and Dave Hunter, both 5-10. Hunter will take a 21-point per game average into Saturday's fray.

The last time Akron North and Salem met was after the 1945-46 season in tournament play. The Quakers had won four straight tourney games before North eliminated them by a 44-23 score. North's coach for that game was the same Bob White who will be at the helm tonight. Bob Miller was Salem's coach that year.

Although Saturday's game figures to be a breather for the Quakers, Athletic Director Fred Cope reports another heavy demand for tickets. Cope says that from 50 to 100 reserve seat duclats will be placed on sale at the high school ticket window the night of the game.

The athletic director says he is hoping for "only a comfortable sellout," but if necessary, aisle seats will be sold and additional chairs set up behind the baskets. "We'd prefer to leave the aisles open so season ticket holders can get in and out easier," Cope remarked.

Salem's unbeaten Reserve squad is slated to open the show Saturday at 7 p.m. against the Akron North Jayvees. The varsity tilt is scheduled to follow at 8:35.

Willie Shoemaker Wins 343rd Race of Year

ARCADIA, Calif. (AP) — Willie Shoemaker, his fifth national riding title already won, goes into the final program of 1959 today with 343 winners.

The Shoe, who captured the championship in 1953-54 and '58 and shared it in 1959 with Joe Culmone, put together a triple Wednesday at Santa Anita to run his 10-year career total to 3,617. Only Johnny Longden, Eddie Arcaro and Ted Atkinson top the little Texan.

Shoemaker also holds the record of 485 winners in one year. He made it in 1953.

Mining, Stamping Are Victors

Herron's Beats Meissner's 58-55 to Win 1st-Half Title

Herron Transfer wrapped up the first-half title in the city Class A basketball league Wednesday night with a thrilling 58-55 overtime victory over Meissner's Sohio.

In other games last night at the Memorial Building, Industrial Mining turned back Shaffer Ford 75-65 and Salem Stamping trampled Mesmer Coal 63-46. The action marked the end of first half play.

Meissner's Sohio came within a gnat's eyelash of throwing the first round into a three-way tie. They blew a six-point lead in the final quarter. A victory for Meissner's would have thrown them into a

playoff with Herron's and Farmers Bank.

A left handed jump shot from the left of the foul circle by Herron's Bob Theiss with just seven seconds remaining in the fourth quarter tied the game at 51-51 and sent the fray into overtime.

SIX SECONDS earlier Herron's seemed doomed when little Bob Stallsmith calmly sank two free throws for Meissner's after being fouled by Ed Bozich. Stallsmith's charity tosses gave Meissner's a 51-49 lead with only 13 seconds remaining. Theiss then moved the ball down

the floor unguarded. When he was finally checked the jump shot was away and Herron's had a three minute overtime to play with.

Herron's outscored their opponent 7-4 in the overtime. Jerry Lepping picked up three of those points while George Ramsey and Ed Bozich each added two.

The defeat was a heartbreaker for Meissner's who clung to a narrow lead until the final minutes of the game. Wayne Walters and John Sturgeon did most of the scoring and rebounding for the Sohio crew. Walters wound up with 18 points and Sturgeon with 15.

THE DEADLY jump shooting of George Ramsey and the playmaking of Theiss and John Stephenson kept Herron's within striking distance throughout the tilt. Ramsey took down scoring honors for the champs with 13 markers.

The usually high scoring Dean Nicholson of Herron's was burdened with four fouls he picked up early in the game. Nicholson sat out the third quarter but eventually fouled out with 6:50 remaining in the game after picking up just eight points. He had been averaging 19.

Good depth, a long part of their team all season, kept Herron's record unblemished in nine games. They had been alternating a sixth man in the lineup throughout the tilt last night, and the champs didn't lose their momentum when Nicholson fouled out.

Industrial Mining's victory over Shaffer Ford left them in the fourth spot for the first round. Bob Adams, the league's leading scorer, had another hot night for Mining, popping in 28 points. Gene Kitzmiller added 20 and Marion Kitzmiller 19 in a three-pronged scoring attack for the winners.

JACK BRUDERLY didn't let the Mining outfit get off without a fight. The little guard lacked the nets for 24 points to pace the losers. Shaffer Ford finished first round play with only one win in nine games.

Carson McNeely's 21-point effort led Salem Stamping to an easy win over Mesmer Coal. Lee Barnes had 11 markers to pace the losers. The contest was close for two quarters but the deadly shooting of McNeely and Vaughn Harshman for Stamping put the game out of reach for Mesmer's in the second half.

Second round play is slated to get underway Monday at the Memorial Building. Finishing behind champion Herron's in the first round were Farmers Bank (8-1) and Meissner's (7-2).

Cincy Blasts Iowa 96-83

Robertson Paces Bearcats With 50

By The Associated Press

NEW YORK (AP)—Oscar Robertson, Cincinnati's "Big O," finally showed Madison Square Garden's fans what it takes to make an all-America basketball player.

Robertson, hailed almost unanimously as the finest college cager in the land, reached perhaps his greatest heights Wednesday night as he scored 50 points in leading the undefeated, top-ranked Bearcats to a 96-83 triumph over Iowa and the ECAC Holiday Festival championship.

The 6-5 senior sank 18 baskets and 14 of 19 free throws to set a single game scoring record for the tournament and a three-game total mark of 122 points. Robertson's figures bettered the marks set earlier in the same tourney by St. Bonaventure's Tom Stith, who made 48 points in one game and 106 in three.

Although Robertson had tallied 47 points in Cincinnati's opening triumph over St. Bonaventure and followed with 25 against St. Joseph's in the semifinals, many fans and experts felt he did not quite live up to advance billing.

It was a different story this time and the crowd of 17,289 showed its appreciation of Robertson's spectacular all-around exhibition when he was unanimously voted the tourney's outstanding player. The fans sent up a cheer that shook the Garden rafters.

After nine minutes, the Hawk-eyes, showing the poise that helped them upset St. John's and NYU in the first two rounds, led Cincinnati 24-13. That's when Robertson really showed his mettle. In the next ten minutes, Cincinnati outscored Iowa 41-18 to take a 54-42 halftime lead.

Robertson scored 29 of those points. He dropped in one-handers, hooked them in from either side and drove in for layups. The rattled Hawkeyes, unable to stem on charging Oscar, fouled him repeatedly.

After five minutes of the second half, Robertson had 43 points. From then on, he was content to just grab rebounds, intercept passes and feed his teammates.

Canfield Rolls Over Clippers

Cardinals Paced By McPhee With 17

The Columbiana Clippers fell before the Canfield Cardinals 76-61 Wednesday night in a cage tilt played in Canfield.

Canfield had five men in the double digits. Harry McPhee led both squads with 17 markers, while Tom Sopkovich and Jim Albert brought home 15 apiece. Anderson and Baird netted 13 and 12, respectively.

For the Clippers, Rich Harrold was the big gun, tallying 15. Roger Fritch and Tom Logan came through with 10 markers each.

The Clippers trailed throughout the contest. Canfield gained an 18-9 lead in the first period, and by the intermission they had hiked this margin to 37-33.

In the third stanza, the Canfield squad found the Clipper defense failing, and they tallied 20 points, bringing the score to 57-45 at its conclusion.

This victory leaves the Cardinals with a 3-3 record as they invade Youngstown Wilson Friday night.

The Clippers' record is 2-2. They will play host to East Palestine on Jan. 5.

The Canfield Reserves walloped the Columbiana team in the preliminary tilt, 62-31.

Johansson Fight Set for Polo Grounds

NEW YORK (AP) — The Ingarman Johansson-Floyd Patterson rematch for the heavyweight boxing title will be staged at New York's Polo Grounds in mid-June.

Attorney Roy Cohn's group announced the site, with a target date sometime between June 13-23, and applied for a promoter's license Wednesday. The exact date probably will be decided when Johansson comes to New York Jan. 10 to settle final details of the return bout.

Eskay Equals Record to Win In Foul-Shooting Contest

Bob Eskay, a sophomore on the Salem High varsity, tied a five-year-old record in winning the over all championship in the 1959-60 Foul Shooting Contest held Tuesday and Wednesday at the Memorial Building.

Eskay dropped in 68 of 75 shots from the foul line to tie the record set in 1954 by Al Catlos. Eskay's mark was a new record in the High School Varsity division of the contest. The 5-9 sophomore is a guard on Coach John Cabas' high school quintet.

Another new record was broken in the 10-and-under age group. Little Farber Tinsley popped in 57 of 75 shots. Jim Foreman's 53 for 75 in the 17 to 20 age group also tied a record.

Other winners, were:  
Age 21-35: John Dawson, 53 for 75.  
Age 15-16: Dick Huffman, 62 for 75.  
Age 13-14: David Taus, 53 for 75.  
Age 11-12: Bill Lau, 42 for 75.  
Old Timers: Al Catlos, 62 for 75.

Junior High Varsities: Wayne Washington, 58 for 75.  
Father and son: Al and Fella Catlos, 39 for 50 (each shot 25 times).

John Dawson, assistant manager of the Memorial Building, reported 121 entries in the annual event. Total participation was 73 (some entered more than one event).

Besides the championship trophy won by Eskay, a trophy was awarded to the winner in each classification.

Dawson figures that 4,825 shots were taken during the qualifying rounds of the two-day event. Kenney Kenst in the 10-and-under age group was the first to shoot and the first to qualify.

Wisconsin Gets Nod Over Washington

Syracuse, Georgia, Mississippi Are Favored In Bowl Games

By The Associated Press  
A new decade of college football begins Friday with Syracuse, Georgia, Mississippi and Wisconsin favored to ring it in with bowl victories.

Unbeaten Syracuse, the nation's No. 1 team, but never a bowl winner, is favored by 13 points over Texas in the Cotton Bowl at Dallas, Tex.

Georgia, the outeastern Conference champion, rates 12 points better than Missouri in the Orange Bowl in Miami, Fla.

Mississippi, despite a 7-3 mid-season loss to Louisiana State, is favored by 7 points in their post-season rematch in the Sugar Bowl at New Orleans, La.

Wisconsin, the Big Ten titlist, is a touchdown favorite over host Washington in the Rose Bowl at Pasadena, Calif.

All four bowls will be radio broadcast and televised nationally. In other Friday bowls, Presbyterian (9-1) goes against Middle Tennessee State (9-0-1) in the Tangerine Bowl, a night battle at Orlando, Fla., and Prairie View A&M (8-2) entertains Wiley (2-8), another Texas school, in the Prairie View Bowl at Houston.

Crowds are expected to range from the 100,295 at the Rose Bowl down to 12,000 for the Tangerine. The Sugar expects 83,000, the Orange 76,500, the Cotton 75,504 and the Prairie View 18,000.

The last of the postseason games involving amateurs will be played Saturday when Arkansas vs. Georgia Tech in the Gator Bowl at Jacksonville, and All-Star teams clash in the East-West Shrine classic in San Francisco and the All-American Bowl at Tucson, Ariz.

There are solid reason for the favoritism accorded in Friday's four big games.

Syracuse, led by All-Americans Roger Davis, a guard, and Fred Mastino, an end, swept through a 10-game schedule. Texas, ranked fourth in The Associated Press poll, won nine games and lost to TCU, but the Longhorns' defense is expected to fall short of Syracuse's. Both clubs have fine team speed and strong offenses.

Georgia, beaten only by South Carolina, takes a seven-game winning streak against Missouri, the Big Eight conference runner-up. Although defeated four times, Missouri got the bowl berth because champ Oklahoma was barred from returning by the conference's no-repeat rule. Georgia won nine but did not have to play SEC powers LSU and Mississippi.

Mississippi outplayed LSU in their regular season game, but an 89-yard punt return by All-American Billy Cannon turned a possible 3-0 Rebel victory into an LSU triumph. Both teams finished the season with 9-1 records. Mississippi was No. 2 nationally, and LSU, upset by Tennessee, was No. 3.

Wisconsin not only has a bowl game to win, but also must salvage the only bit of Big Ten prestige lost since the conference Rose Bowl tie-up began with the West Coast in 1947. The Badgers lost to Southern California 7-0 in 1953. Wisconsin this time boasts a strong interior line, headed by All-American tackle Dan Lanphear, and a pressure-loving quarterback in Dale Hackbart. Firing against the Badgers will be Bob Schloredt, the substitute who became the All-American quarterback despite vi-

## Tiger Gets Decision Over Holly Mims

CHICAGO (AP) — Dick Tiger, muscular British Empire middleweight champion, has joined the growing list of the "I beat Holly Mims club."

Tiger stalked the veteran Washington, D. C., battler from pillar to post in the Chicago Stadium ring Wednesday night to carve a 10 round decision in the nationally televised bout.

It was Mims' third straight defeat since October, leaving the parttime Post Office employee with a 46-21-6 record and still trying to regain the top 10 ratings of the National Boxing Assn.

Tiger, ranked 6th by the NBA, failed, however, to collect a unanimous decision. Under the five-point must system, referee Bernard Weissman called it a 47-49 stalemate.

Judge John Bray favored Tiger 48-43 and Judge Harold Marovitz had the 30-year-old Nigerian ahead 49-43. The Associated Press scored for Tiger 47-45.

The victory was Tiger's 36th. He has 9 losses and 2 draws. There were no knockdowns. Tiger, outweighing his foe 160 pounds to 155, kept the pressure on Mims, who was constantly against the ropes.

Where two or more families, with separate cooking facilities, occupy a residential dwelling, the wiring shall be arranged so that the service to each family can be metered and billed separately. If the wiring is not so arranged and two or more families are served through one meter, the energy blocks and minimum charges provided in this schedule shall be multiplied by the number of families served.

**Discontinuance of Service:** Where service has been discontinued at customer's request because of seasonal occupancy of the premises or where service has been discontinued at customer's request because the customer's occupancy is to be temporarily discontinued, the minimum charge as above provided shall not be applicable during such discontinuance of service, but in lieu thereof a charge of \$10.00 will be made when service is re-established.

A written application is required. The Company's Standard Rules and Regulations shall apply to the installation and use of electric service. Motors and equipment served under this rate schedule must have electrical characteristics so as not to interfere with service supplied to other customers of the Company.

**SCHEDULE NO. 2  
SMALL (Annual Contract)**

**Availability:** Available for secondary light and power service except that when the load exceeds 100 KW the Company reserves the right to furnish service at primary or transmission voltages in accordance with the appropriate applicable rate schedule.

Single phase motors with locked rotor current not exceeding 130 amperes served at nominal 208 or 240 volts may be included with single phase lighting service furnished through one meter.

Single and three phase service will be metered and billed separately or, where feasible, single and three phase service will be furnished through a single meter installation and billed as one account provided the customer arranges his wiring to facilitate the installation of a single meter.

Where a transformer installation is utilized solely to furnish service to a single customer, the Company may meter the service on the primary side of the transformer, and in such case the load and energy registrations shall each be reduced 2%.

**Service:** Alternating current, 60 cycles, at nominal voltages of 120/240 or 120/208 single phase, or 120/208 or 240 three phase, as available from suitable facilities, at adequate capacity adjacent to the premises to be served.

Other voltages may be obtained from available distribution facilities provided the customer owns, operates and maintains all necessary transforming, controlling, regulating and protective equipment, in which case service will be metered at the Company's supply voltage.

**Rate:** The net monthly charge per customer shall be:  
For the first 150 KWH per KW of billing load or 750 KWH, whichever is the greater:  
\$1.50 for the first 25 KWH or less  
4.50c per KWH for the next 225 KWH plus 5 KWH per KW of billing load in excess of 20 KW  
3.45c per KWH for the next 1,550 KWH plus 60 KWH per KW of billing load in excess of 20 KW  
2.45c per KWH for the excess up to and including 150 KWH per KW of billing load.

For the next 30 KWH per KW of billing load or 250 KWH, whichever is the greater:  
2.10c per KWH  
For the additional KWH:  
Minimum Charge:  
\$1.50 plus \$1.00 per KW of billing load in excess of 5 KW, but not less than \$1.50 for single phase service or \$5.00 for three phase service.

**Billing Load in KW:** The measured load shall be determined monthly from the highest registration of a thermal type meter or, at the option of the Company, from a 30-minute integrating type meter.

The billing load for the month shall be (1) the measured load for power factor and adjusted where service is metered primary, or (2) 60% of the highest billing load during the preceding eleven months, or (3) the average of the highest billing load during the preceding eleven months, or (4) 5 KW, whichever is the greatest.

**Power Factor Correction:** The Company may, at its option, test or meter the power factor of the customer's load and, if the lagging power factor is less than eighty-five hundredths (0.85), the measured load shall be adjusted by multiplying the measured load by the ratio that 0.85 bears to the power factor of the load. No correction will be made where the power factor is found to be greater than 0.85 or for leading power factor.

**Fuel Adjustment:** The energy charges shall be adjusted by a decrease or an increase of 0.00033c per kilowatt-hour for each one cent variation below or above \$5.00 per ton (2,000 lbs.) in the cost of coal burned in the Company's interconnected steam-electric generating stations during the month immediately preceding the month covered by the bill. The cost per ton of coal burned shall be the sum of the costs of coal on hand at the first of the month and the costs of coal received during the month including transportation and all charges incident to the storage and the delivery of coal into the station bunkers divided by the sum of the number of tons on hand and received.

**Tax Adjustment:** Bills shall be adjusted to offset the imposition of or removal of any new or increased tax levied by any taxing authority upon the Company's generation, distribution or sale of electric energy after January 1, 1959.

**Terms of Payment:** The net amount billed is due and payable within a period of ten days. If the net amount is not paid on or before the date shown on the bill for payment of net amount, the gross amount which is 3% more than the net amount is due and payable.

**Discontinuance of Service:** Where service has been discontinued at customer's request because of seasonal occupancy of the premises or where service has been discontinued at customer's request because the customer's occupancy is to be temporarily discontinued, the minimum charge as above provided shall not be applicable during such discontinuance of service, but in lieu thereof a charge of \$10.00 will be made when service is re-established.

A written application is required. The Company's Standard Rules and Regulations shall apply to the installation and use of electric service.

The billing load for the month shall be (1) the measured load for power factor and adjusted where service is metered primary, or (2) 60% of the highest billing load during the preceding eleven months, or (3) the average of the highest billing load during the preceding eleven months, or (4) 5 KW, whichever is the greatest.

**Power Factor Correction:** The Company may, at its option, test or meter the power factor of the customer's load and, if the lagging power factor is less than eighty-five hundredths (0.85), the measured load shall be adjusted by multiplying the measured load by the ratio that 0.85 bears to the power factor of the load. No correction will be made where the power factor is found to be greater than 0.85 or for leading power factor.

**Fuel Adjustment:** The energy charges shall be adjusted by a decrease or an increase of 0.00033c per kilowatt-hour for each one cent variation below or above \$5.00 per ton (2,000 lbs.) in the cost of coal burned in the Company's interconnected steam-electric generating stations during the month immediately preceding the month covered by the bill. The cost per ton of coal burned shall be the sum of the costs of coal on hand at the first of the month and the costs of coal received during the month including transportation and all charges incident to the storage and the delivery of coal into the station bunkers divided by the sum of the number of tons on hand and received.

**Tax Adjustment:** Bills shall be adjusted to offset the imposition of or removal of any new or increased tax levied by any taxing authority upon the Company's generation, distribution or sale of electric energy after January 1, 1959.

**Terms of Payment:** The net amount billed is due and payable within a period of ten days. If the net amount is not paid on or before the date shown on the bill for payment of net amount, the gross amount which is 3% more than the net amount is due and payable.

**Discontinuance of Service:** Where service has been discontinued at customer's request because of seasonal occupancy of the premises or where service has been discontinued at customer's request because the customer's occupancy is to be temporarily discontinued, the minimum charge as above provided shall not be applicable during such discontinuance of service, but in lieu thereof a charge of \$10.00 will be made when service is re-established.

A written application is required. The Company's Standard Rules and Regulations shall apply to the installation and use of electric service.

**SCHEDULE NO. 4  
SECONDARY LIGHT AND POWER SERVICE  
LARGE**

**Availability:** Available for secondary light and power service except that when the load exceeds 100 KW the Company reserves the right to furnish service at primary or transmission voltages in accordance with the appropriate applicable rate schedule.

Single phase motors with locked rotor current not exceeding 130 amperes served at nominal 208 or 240 volts may be included with single phase lighting service furnished through one meter.

Single and three phase service will be metered and billed separately or, where feasible, single and three phase service will be furnished through a single meter installation and billed as one account provided the customer arranges his wiring to facilitate the installation of a single meter.

Where a transformer installation is utilized solely to furnish service to a single customer, the Company may meter the service on the primary side of the transformer, and in such case the load and energy registrations shall each be reduced 2%.

**Service:** Alternating current, 60 cycles, at nominal voltages of 120/240 or 120/208 single phase, or 120/208 or 240 three phase, as available from suitable facilities, at adequate capacity adjacent to the premises to be served.

Other voltages may be obtained from available distribution facilities provided the customer owns, operates and maintains all necessary transforming, controlling, regulating and protective equipment, in which case service will be metered at the Company's supply voltage.

**Rate:** The net monthly charge per customer shall be:  
For the first 150 KWH per KW of billing load or 750 KWH, whichever is the greater:  
\$1.50 for the first 25 KWH or less  
4.50c per KWH for the next 225 KWH plus 5 KWH per KW of billing load in excess of 20 KW  
3.45c per KWH for the next 1,550 KWH plus 60 KWH per KW of billing load in excess of 20 KW  
2.45c per KWH for the excess up to and including 150 KWH per KW of billing load.

For the next 30 KWH per KW of billing load or 250 KWH, whichever is the greater:  
2.10c per KWH  
For the additional KWH:  
Minimum Charge:  
\$1.50 plus \$1.00 per KW of billing load in excess of 5 KW, but not less than \$1.50 for single phase service or \$5.00 for three phase service.

**Billing Load in KW:** The measured load shall be determined monthly from the highest registration of a thermal type meter or, at the option of the Company, from a 30-minute integrating type meter.

The billing load for the month shall be (1) the measured load for power factor and adjusted where service is metered primary, or (2) 60% of the highest billing load during the preceding eleven months, or (3) the average of the highest billing load during the preceding eleven months, or (4) 5 KW, whichever is the greatest.

Start The New Year Right In A Home Of Your Own

I believe the pride of owner-  
ship is instilled in all of us,  
in some greater than in others.  
The greatest tribute to that  
feeling is home ownership,  
mainly because the home is  
the foundation of the family,  
of all friendships and all happi-  
ness. Many people now own  
homes, but find them for some  
reason too large or too small  
for their present needs. These  
people we are in a position to  
help. Then there are those who  
are looking to purchase a home  
of their own possibly for the  
first time, but are not sure  
how to go about it properly. I  
can also help here. Due to my  
fine assortment of homes that  
are now on the market, I'm  
sure I can help you find the  
home of your choice, in the  
price range that you can af-  
ford, so what ever your needs,  
contact

# Leetonia Council Sworn In

LEETONIA — Mayor Ralph B. Kennedy conducted a swearing in of new Council members, Elby Morris, filling station proprietor; Merle Reese, and Robert Cushing, a member for the first time on the Board of Public Affairs. Miss DeEria Smith was sworn in as treasurer for her second term.

Village Solicitor Edward Greenamyer inducted Mayor Kennedy, Mike Burick, village clerk; Councilmen Joe Weikart, Richard Carney, Dan Cullinan and Board of Public Affairs members Clyde Stratton and Francis Morrissey at the last regular council meeting.

Chester Whitacre, the other councilman, will be sworn in today.

THE OSI will hold their annual New Year's Eve dance tonight. Music will be furnished by Dick McKinzie's orchestra.

Mrs. Charles Kennedy returned Tuesday after spending the holidays with her son and daughter-in-law, Mr. and Mrs. William Kennedy of Pittsburgh.

Mr. and Mrs. Merle Davis will entertain bridge club associates at a New Year's Eve party at their home this evening.

D. Wallace Rebekah Lodge will sponsor a card party this evening. Mrs. George Wire is chairman.

## TO GET PAY INCREASE

TOLEDO, Ohio (AP)—This City's 2,933 employees will get \$5-a-week pay raises totaling \$868,000, effective Jan. 1, as a result of action by City Council Wednesday.

THE SNOW IN BUFFALO — This pretty scene held little fascination for motorists in Buffalo, N.Y. A sleet storm, described as the most severe in 30 years, deposited ice everywhere.

## ALL-TIME HIGH BUDGET

CINCINNATI (AP)—City Council proposes to spend \$62,747,206 in 1960, an all-time high. The council passed the budget ordinance Wednesday after sharp argument over budget cuts. The new budget, which includes a general pay raise of 4 1/2 per cent for city workers, compares with \$58,151,052 in city spending in 1959.

## 3 Fined, 4 Forfeit Bonds In Lisbon

LISBON — Three motorists were fined a total of \$30 and costs Wednesday by County Judge James L. MacDonald on traffic charges and four others forfeited bonds when they failed to appear for hearings. Fined were:

William A. Wright, 20, Box 111, Lisbon, \$10, driving left of center; Orian L. Kibler, 77, of Kensington, \$10, failure to signal a turn; and John E. Bakos, 27, of Akron, \$10, crossing a yellow line.

Leo C. Gwinn, 37, of Cleveland, Grant J. Nash, 44, and Henry Werner, 31, both of Canton and Frank J. Hohenbrink, 65, of Fort Jennings, O., each forfeited a \$10 bond for speeding. All were cited by the State Highway Patrol.

ON TRIAL — Charged with flying for the Indonesian rebels, Allen Lawrence Pope, 29, is on trial in Jakarta, Indonesia. The soldier of fortune, from Homestead, Fla., could face a death sentence on one of the four specific charges against him, unless he is tried as a legitimate prisoner of war instead of a soldier of fortune.

## Salem Frosh Are Beaten By Chester

Salem's freshman cagers went down to a 29-25 defeat at the hands of Chester, W. Va., in the finals of the freshman tournament played Wednesday at Beaver Local.

In the consolation game, East Palestine downed Beaver Local 28-23.

A big third quarter in which Salem was outscored 12-6 led to the Quakers' downfall. The tilt had been deadlocked 5-5 at the end of the first quarter and 11-11 at the half. Salem outscored its opponent 9-6 in the final quarter but couldn't overcome Chester's big third quarter splurge.

High point man for the game was Mullen of Chester with 8. Salem scoring had Dick Stark with 7, Dick Ehrhart 6, Bob King 6, Norm Cope 3, Fred Schramm 2 and Rick Platt 1.

Salem experienced its coldest night of the season in the shooting department. They hit on only 6 of 42 shots for a poor 14 per cent average. Chester made good on 11 of 30 shots from the field for a respectable 37 per cent.

Salem outscored its opponent 13-7 from the foul lines. The Quakers hit 13 of 20 fouls and Chester 7 of 16.

The defeat was the first in four games for Coach Sam Pridon's charges. Their next game will be on Jan. 5 at Alliance Stanton.

## OHIO GRAIN PRICES

COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged 1.88-1.94, mostly 1.90-1.94; No 2 yellow ear corn mostly unchanged 1.00-1.09 per bu, mostly 1.04-1.05; or 1.45-1.56 per 100 lbs, mostly 1.49-1.50; No 2 oats mostly unchanged 69-75, mostly 72-75; No 1 soybeans unchanged to 1 lower 2.01-2.06, mostly 2.01-2.06.

FAST COMPANY — Looking like a school of deadly, shark-nosed fish, six of the Air Force's new Republic F-105 Thunderchief fighter-bombers are shown for the first time in formation flight. The jets were maneuvering over Seymour Johnson Air Force Base at Goldsboro, N.C. In December an F-105 set a new world's record for a 100-kilometer closed course, flying at 1,216 m.p.h., or a mile every three seconds.

## East Goshen Friends Youths To Compete In Church Contest

A challenging youth-merit program was announced to the teenagers of the East Goshen Friends Church Wednesday evening at a youth banquet.

"All Stars for Christ" was the theme of the evening, with Fred Lockhart, youth director, as toastmaster. Over 75 were in attendance. Music was presented by the Mallone College quartet.

The pastor, the Rev. Clarence R. Sekerak, presented the details of the merit program, which will begin Friday and continue through May 31. Merit points will be based on attendance, attitude, participation, memorization of Bible verses, and reading of missionary books.

Memorization of Bible verses will be the special project for January and February. All those who accomplish this phase of the program will be awarded an all-day trip to Cleveland, with visits to museums, television stations and a meal at a Chinese restaurant.

A week-end excursion to Columbus will be awarded the two teenagers who read the greatest number of missionary books during March and April.

## Muscular Dystrophy Campaign Nets \$880

Mrs. Robert Talbot, city chairman for the 1959 Muscular Dystrophy drive, announced today that Salem exceeded its \$800 goal by \$80.60.

Mrs. Talbot said the \$80.60 collected here will be turned over to the Muscular Dystrophy Association of America, Inc., district headquarters in Cleveland.

Fire Chief Clarence Wright and his department were in charge of distributing and collecting coin canisters throughout the city. Of the total, \$171.40 was collected by this method.

The city chairman says she would like to thank the Amvet Auxiliaries, DeMolay, Eastern Star women, Boy Scouts, VFW, the firemen, Gold Star Auxiliary and others who helped with the drive.

## SEEKS STATE POST

ELYRIA, Ohio (AP)—The mayor of nearby Wellington, Ralph W. Gray, 41, is seeking the Republican nomination for one of two state representative seats from Lorain County. Democrats now hold both seats and have said they would seek re-election.

## GRANGE MEETING SET

LISBON — The regular meeting of Lisbon Grange will be held Friday at 8 p.m. in the grange hall west of Lisbon on Rt. 30. Master James Crowell will preside. After the regular meeting, the degree team will practice.

## FORMER MAYOR KILLS SELF

WARREN, Ohio (AP)—A former two-term mayor of nearby Cortland, Virgil Schilling, 53, shot and killed himself Wednesday after parking his car at Mosquito Lake near Cortland. Dr. Harry Elston Jr., Trumbull County coroner, ruled suicide.
